

RHAPSODY RHYME COMPETITION

PRE SCHOOL

DATE:-14.05.2018

Nursery Rhymes are a great way into learning early phonic skills- the ability to hear, identify and modulate voices. Children need freedom to appreciate the infinite resources and rhymes give them that opportunity to explore each and every sound in the world. Pre School students were given that platform to come forward and recite the rhymes through 'Rhapsody Rhyme Recitation Competition' and they came up with so much of confidence which was commendable. Their efforts were admirable & we got variety of rhymes they recited like God's creation, Aeroplane, traffic light, seasons, health and hygiene, family, save trees etc.. Their participation was well appreciated.
