

EARTH DAY CELEBRATION

19.07.21

To bring little ones more near to nature and to make them aware of environment, how to preserve and save it from various harmful acts, Earth day was celebrated. To depicts their love and care for the beloved mother earth, the students of Nursery Wing enthusiastically participated in the celebrations which included many creative and innovative fun activities that can be evidently seen. The students of Pre-School were taken for a virtual tour of beautiful nature and the students of Pre-Primary showcased their love by giving small presentation with using appropriate props on nature and earth.

The students of Mont I initiated an activity where they visualised the Earth by pasting the given gaps in the picture of Earth on the worksheet. The students of Mont II participated in the competition of Hindi rhyme on Earth which help them to enhance their speaking skills.

In all the students enjoyed the celebrations and also learned some interesting facts about our Earth along with the understanding to protect such beautiful planet.
