

SOCIAL SCIENCE WEEK- PRIMARY (16.08.2018)

A mind map is a great tool for brainstorming new ideas.

The note-taking styles of many of history's geniuses feature a branching, organic structure complemented by lots of sketches, creative doodles, and keywords. Inspired by these, Learners of MAPS from class 5 explored various features of continents, presented the information using various Mind Map Apps as a part of Social Science week, which was conducted on August 16, 2018, in the school premises.
