

TALENT HUNT (23.04.2016)

The pedagogy of the school is that each child is unique & has infinite possibilities. In order to bring out the natural talent of our students, Montessori-I organized 'Talent Hunt'. It's a platform to enhance their confidence level for overall personality development. The gamut of various rhymes, songs and Story narration enthralled the audience with their nerve breaking performances. One by one all the participants showcased their hidden talent & it was full of zeal and enthusiasm; applauded by the parents and teachers.
