TERRARIUM DECOR COMPETITION

Pre-Primary

19.10.2022

Terrarium Decor competition was organised by MAPS for class Pre-Primary to provide limitless opportunities for the creative minds. Fairy lights are tiny yet surprisingly bright, beautiful, incredibly easy to work with, and can go almost anywhere. Students with their endearing creative qualities combined and created magic with decorative jars and containers for the occasion of Diwali.

Competition helped instill a sense of achievement and pride in children, boost their self-confidence. The opportunity to create whatever a child desires helps foster creativity. Sustainable Development Goal 4 (SDG 4) is the education goal which aims to "ensure inclusive and equitable quality education and promote lifelong learning opportunities for all. So, with the help of this competition, children learnt to make correct and effective decisions by facing and solving artistic challenges and making optimum utilisation of available resources.
