

## MAPS-READING CAMPAIGN

### Week-4

Reading and storytelling with little children promotes brain development, imagination, develops language and emotions and strengthens relationships. To inculcate love for books and to enhance reading skills, Preschool children were encouraged to do picture reading from the story book. Pre-primary learners read and comprehend the story from their reading book. It really helped the learners in improving their vocabulary. Class 1 and 2 students recalled the story which they read in week-1 i.e., 'Smile Please' and 'Too Many Bananas'. After reading the story, students wrote what they liked and did not like about the story on an A-4 size sheet in their own words. They presented their work in a video form. The activity really helped the learners in enhancing their speaking and communication skills. Overall, it was a great learning experience for all.
