

**ASSEMBLY REPORT**  
**CLASS-PRE SCHOOL B**  
**DATE-05.10.18**  
**Topic- SAY NO TO PLASTIC BAGS**

**PLASTIC, PLASTIC, PLASTIC**

Easy to use but difficult to digest.

This is the major problem our Earth is facing.

To highlight this issue and bring this to the knowledge of our young ones that how they can contribute in their way, a morning assembly was presented by Pre School- B students on the theme of 'Say no to plastic bags'. A dramatization on how we can replace the plastic bottles and spoons with steel bottle /spoon etc. was presented by tiny tots which was followed by poems in Hindi and English and a dance performance to make it interesting and entertaining were enjoyed by the little audience.

Last but not the least P.P.T on how the plastic is clogging and making ocean life dead was very dreadful. It was concluded with a promise by one and all present there that we will not use plastic anymore.
