THEME OF THE ASSEMBLY - SHARING IS CARING

"To be kind is more important as to be right"

The Students of Pre Primary- A depicted the theme of Sharing is Caring through morning assembly on 30.8.19. Teaching children to share is to teach them compassion and love for others. Students depicted the theme through different scenes in the day to day life and learn the importance of sharing and caring. They also learnt that it helps us to bond a relation stronger and make our friends and dear ones contented and happy. Attractive props were used by the students to support the content. The theme of the Assembly was summed up by an interactive session with the audience.
