

# CREATIVE MINDS- INTER HOUSE COMPETITION

(Cleaning products from waste material)

Class-2

Date:-26.08.2019

**“Creativity is making marvelous out of the discarded”.**

To invent, we need a good imagination and a pile of junk .In order to fulfill the minds and hearts of the children with creativity, class 2 conducted the inter house competition by focusing on making best use of waste material. Students created products used for cleaning purposes, such as ECO dustbins, mops etc. Students prepared very creative and innovative cleaning products. They explained their articles too. All students participated in the activity with great zeal and enthusiasm. The activity was a great learning experience for everyone. All the students were appreciated for their commendable efforts. At the end of the competition, three positions were given according to their presentation on their respective products. In whole, the activity catered to the moral domains of the learners.

**The winners of inter house competition are as follows:**

**I-Akshansh Bindal (Purity house)**

**II- Oss Gupta (Austerity house)**

**III- Anvesha Gupta (Fraternity house)**
