CLEANLINESS DRIVE

Date: 28.10.16

Cleanliness is a good habit which everyone must follow to have a healthy lifestyle. To make the tiny tots understand motto, importance and necessity of cleanliness, a **'Cleanliness Drive'** was organized for Montessori students. The enthusiastic students put their best foot forward to participate in Cleanliness Drive. Everyone enthusiastically **broomed, dusted, and collected garbage to clean every nook and corner of the classroom.**

The whole drive was quite inspiring and motivating for the students as well as for the teachers. The students realized that any work is best done when it is carried out by a person himself.
