"Creativity involves breaking out of expected patterns in order to look at things in a different way."

A competition- Craft angels was conducted for Pre schoolers to give opportunity to them to show their innate talents and creativity. They grabbed the same and showed their talents in the best possible way. The students not only enjoyed the activity that gave them opportunity for their creative expression but also enhanced their knowledge and developed their aesthetic sense. It boosted their morale and confidence too. It was a treat for the audience and judge to watch these tiny tots engrossed so enthusiastically in the activity.
