

BRAVE SUSTAINABILITY WARRIORS-MAPS EXPO '2017 (29.07.2017)

No goal can ever be achieved without collective efforts of human resources. Sustainable Development goals which we must achieve to develop a world worthy of human existence the most powerful resource is students. MAPS through integrated project during summer vacations gave a blazing opportunity to students to learn about these goals. Students worked relentlessly and became warriors of sustainable development. Their work was displayed to parents and other stakeholders via a grand exhibition

i.e. MAPS EXPO ' 17. The exhibits were really informative and eye catching. The exhibition generated tremendous interest among the visitors with ingeniously made projects. The exhibits put up by the deprived children remained the crowd puller. The exhibition got an overwhelming response both by the parents and management. The day ended on a high note leaving everyone asking for more.
