

# INFORMATION AND COMMUNICATION TECHNOLOGY (ICT)

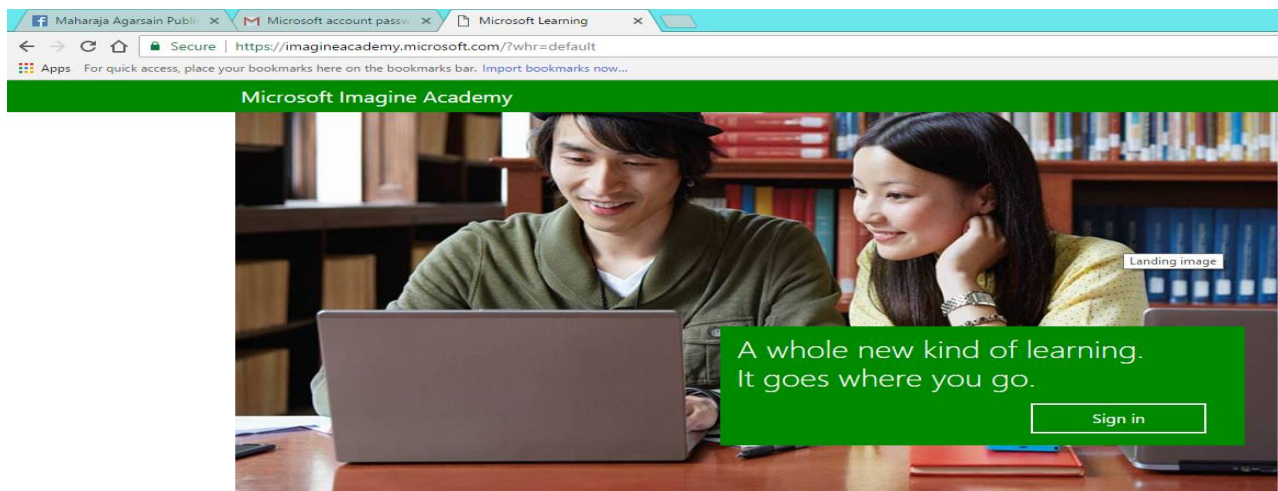

Microsoft COMPUDON – since 2011, is a platform for students to showcase their mastery in using Key Microsoft Office applications which are Word, Excel & PowerPoint. We have been participating in COMPUDON for last 3 years and in our journey, we have conquered many milestones.....

In our first year (COMPUDON SEASON IV) **Shivam Garg** and **Vibhor Vij** could only win consolation prizes, but the following year (COMPUDON SEASON V) **Vibhor Vij** was able to go one step further and grab an opportunity to be a part of Team India at Microsoft World Championship held at Dallas, Texas in USA in PPT10. Although he could not win any prize but came very close and finished 4<sup>th</sup>. Next year (COMPUDON SEASON VI) 10 students qualified for India Championship and **Sreshth Vikramaditya** got 3<sup>rd</sup> rank in PPT10.

This year (COMPUDON SEASON 7) too are we participating enthusiastically and are hoping for the best results in all the softwares.

We proclaim with pride that the school has initiated **Microsoft Imagine Academy (MSIA)** programme offering customisable lesson plans, free demos and videos to help students and teachers to achieve success.

**MAPS makes its presence felt in the educational space once again. Awarded TOP SCHOOL OF INDIA AWARD by elects online digital learning**

Tech savvy MAPS teachers undergo **MICROSOFT TRAINING**. Keeping in sync with times and our high tech students teachers also are not far behind. Using technology to upgrade, and enhance teaching to make it relevant and intensity.
