

MY COUNTRY MY PRIDE

Presentation week- Pre School

28th & 29th August 2019

'Nation to me is my pride, my respect and also my motherland'.

India is a country which is filled with different cultures that are unique and varied. Making students aware about our country's rich heritage is a very essential part of the curriculum.

So, a presentation week was organised for the Pre School students on 28th & 29th August 2019. Students shared their knowledge about India's National flag, animal, flower, fruit and bird. In addition to the same few students presented their thoughts in the form of poems. Students were well dressed and used beautiful props.

Starting with these topics at a young age can help imbibe good values in their life. These values will eventually develop into habits and last a lifetime.
