TOPIC- "NATIONAL SYMBOLS"

The continuous effort of giving stage exposures to our young ones proves the fact that good speakers are created by a focused approach. An area of excitement was built up when students of Pre Primary gave presentation on National Symbols. Participants looked vibrant in their costumes. They depicted and shared the information about the importance of national symbols. It was a knowledgeable experience for the students and an eye candy for the audience. It also provided them a platform to become confident and fluent speakers.
