

# Parent Orientation Program

Nursery Wing- 1.04.21

"A parent is a teacher at home and a teacher is a parent in school and the child is the centre of our universe".

With this thought, a virtual Orientation program was organised on 1st April 2021, for the new set of parents to familiarize them, "as partners in progress" with the curriculum, rules and regulations of the school, teaching methodologies and the co-scholastic activities.

Welcoming parents to the new academic session, Agarsainians presented school report highlighting school's infrastructure, achievements and many more. Moving further, Principal mam Ms. Punam Gupta also spoke in detail about different ways of nurturing a child with love and care to build a strong foundation for a glorious future.

A mind blowing dance performance mesmerized the audience which was followed by the briefing of rules and regulations of the school by Nursery coordinator Ms. Pooja Gaur.

The orientation programme proved to be a sincere effort made by the school in educating the parents to help children to cope up with the virtual academic session well. It also helped in evolving a common teaching strategy and helped the parents in identifying suitable follow up methods to reinforce the learning process of their children.
