

PRESENTATION DAY
Class- Montessori-2
DATE- 08.12.2017

TOPIC- COMMUNITY HELPERS

The continuous effort of giving stage exposure to our young ones proves the fact that good speakers are created by a focussed approach. Creating a general awareness about our environment and society is an integral part of Kindergarten education as the age between three and five is impressionable when children can emulate their elders and imbibe values offered to them. Every month a theme on general awareness is adopted. In the month of November, the facilitator talked about the various community helpers, their roles and how they are important to us.

A Presentation day was conducted in which children enthusiastically talked about their favourite community helper. Many of them wanted to be teachers, policemen and doctors. Participants looked vibrant in their costumes. The activity not only made them fervent learners, but also opened a new window of awareness about the people around us, and the many ways in which they contribute.

The winners are as follows:

S.NO	STUDENT'S NAME	POSITION
1.	Vedanshi Gupta	I
2.	Misthi Goyal	II
3.	Pragya	II
3.	Hardik Sharma	III
