

ASSEMBLY REPORT
CLASS – PRE SCHOOL – B
DATE:25.10.17

THEME OF THE ASSEMBLY – MATH NUMBERS (1-10)

“IT IS SO MUCH FUN TO JIGGLE, WIGGLE WITH NUMBERS”

Small kids find it difficult to learn the numbers at times. To make it easy and fulfilled learning for them, Preschool –B students presented a skit on numbers and how numbers in order are around us. It was followed by a foot tapping dance performance by all the students. Students showed that how and through so many activities they learn numbers in class, and their teacher helps them to understand it better. Colourful dresses and related props added the grace to the presentation.

The whole theme was revised at the end as a conclusion. Audience could relate with it as it was something which they do in routine.
