

Independence Day and Rakhi Celebration

14.08.2019

It was a time for double celebration as after 19 years Rakshabandhan and Independence Day both were celebrated on the same day making this August 15 a "festive Thursday".

In Nursery wing of MAPS the festivals were celebrated with great fervor. Students witnessed a spectacular dance performance. A plethora of activities were planned for the little ones including card making, collage making, Rhyme recitation competition, flag making and many more. The students were also made aware about the reason to celebrate Rakshabandhan and Independence Day.
