

SPEAK-A-BOO

PRESENTATION WEEK PRE PRIMARY
13.11.2019-15.11.2019

If you cut a tree, you kill a life.

If you save a tree, you save a life.

If you plant a tree, you plant a life.

The importance of trees in our life is the same as our family. They are very precious and play an important role in maintaining the ecological balance of nature. So, to make the students aware about the same, a presentation week - Speak a Boo was organised for the students of Pre Primary. They confidently shared uses of plants, ways to save and grow more trees. This type of presentations always help in developing oral skills of students and also motivate the audience to act accordingly.
