

Teacher's Day Celebrations

'A teacher is like a candle who enlightens the paths of her students.'

These words accentuated the morning of September 5, 2017 when the school celebrated Teachers' Day to pay a tribute to all those mentors who light up the lives of their students. The students gifted roses and pens to their beloved teachers, to thank them for the roles they play in their lives. Students of class XII took over the mantle of responsibility and stepped into teachers' shoes and took the charge for the day. All the teachers were given badges succinctly describing their charismatic personalities. The programme featured dance performances by class XII students. Teachers were felicitated with awards for their unique qualities. We had another big reason for the grand celebration as the school Principal received a certificate of honour on 4th Sept by Lions Club International organization and an IMA award by Indian Medical Association on the occasion of Teacher's Day. After the departure of students, Teachers gathered in the school auditorium and had memorable time witnessing amazing performances. The distinguished members of the management grace the occasion with their benign presence and blessed everyone with their words of wisdom. The gathering rose for the National Anthem, before leaving for the lunch, where a day of fun and frolic still awaited them. All in all, it was a day packed with enthusiasm and gratitude stemming from the students' love for their teachers.
