"Life is not merely being alive, but being well."

MAPS Foundational wing celebrated World Health Day on 7th April 2022. Pre-primary teachers enacted a story based on the theme. Pre-school students made a healthy rainbow. Students of Mont-1 tucked the pegs of healthy and junk food on the correct side of healthy and not healthy child. Students of Mont-2 solved riddles and puzzles related to healthy and junk food. Class 1 identified healthy food and junk food using origami sheet activity followed by a physical activity. Class 2 students prepared a bracelet. They wore it and recited a poem on 'Be Healthy' using actions. The activities conducted helped in highlighting the significance of good health and well-being. All the students participated with great zeal and enthusiasm. It was a great learning for all.
